It commenced raining here on Sunday night and continued all day yesterday and the greater part of last night with slight intermission. We learn the rain is general all along the Ohio, and therefore we may look for a rise in the River in a day or two.

ENERGY.

One of the most remarkable instances of the success which attends well applied energy and perseverance, is exhibited in the case of Dr. DAVID JAYNE, of Philadelphia, with whose advertisements the readers of the Register are familiar. The Doctor, after spending many years of his life in practice, and a careful investigation of the origin and character of diseases, applied himself to the preparation of remedies, and the excellence of his compounds is attested by the grateful thanks of thousands, who have proved the benefits of his skill and scientific knowledge. His are not mere quack nostrums, but preparations resulting from long and careful study, and as they serve, in an eminent degree, the good purposes for which they were intended, success has followed the proprietor's enterprise and labors. His establishment is now one of the largest in the United States, and besides furnishing every city, town and township in the country with his invaluable medicines, he ships, annually, immense quantities to foreign lands.

In the prosecution of his plans for bringing his specifics to the notice of the whole people, Dr. JAYNE has issued a Family Almanac, containing certificates and testimonials of the highest character. We see it stated in the Germantown Telegraph, that "last year, one million of the Almanacs were published for 1848, and all distributed. This year, the demand for 1849 is so great, that two power presses, with steam, are running day and night, to meet the double set of the public for the Almanacs. Indeed, Messrs. STAVELY & McALLA, who do the press-work, have found it necessary to meet the wants of the publisher, to obtain a third power press! Two millions and a half of copies will be required for 1849 consuming from twelve to fifteen thousand reams of paper, and incurring an expense at the very small rate of two cents each copy—and we cannot see how they can be furnished at so low a price—of fifty thousand dollars. This is wonderful, exhibiting, as it does, one of the most remarkable instances of enterprise on record.

But it must be remembered that this large sum, which is a fortune of itself, is entirely given away—the whole two millions and a half of Almanacs are gratuitously given to merchants, storekeepers, families and individuals, with a view to their general gratuitous distribution throughout the United States.

The position of Dr. JAYNE is an enviable one—achieved by his own unaided energy, industry and enterprise—drawing largely from his extensive knowledge of medical jurisprudence—and he now stands at the head of the discovery of medicines for "the million," which have not only been pronounced to be unequalled as remedies for the diseases severally set apart by the proprietor, &c., but destined to confer upon this human family incalculable benefits in the form of restored health, and prolonged existence."—Norristown Register.

A part of Gen. Harrison's old Homestead, at North Bend, (233 acres,) is advertised for sale.

DIED in this city on Thursday the 28th of September, LUCIA ANN, wife of James Reilly, and eldest daughter of Ira French of Cincinnati, aged 22 years.

Lucia! thy life's brief history is told;
A daughter, well beloved, and then a bride;
Alas! the bridal robe hid in its fold,
The traitor Death—then busy at thy side.

And yet, 'tis beautiful in youth to die—
Lay down each earthly hope with tranquil brow.
Give parting words and sever each society.
And robe in righteousness—as thou hast now!

And though thy memory is a bright bequest,
Yet tears will fall—and bitter sighs be given:
Faith's guiding hand hath led thee into rest,
And "sister spirits" welcomed thee to heaven!

For the Daily Journal.

Lines on the Death of the late Mrs. Lucia Reilly.

Bright was the world before thee
Fair as a summer's day,
For in life's pleasant places
Thy heavenward pathway lay.

The future glowed in sunshine
Before thy youthful eye,
Devoted love and friendship
Made every shadow fly.

Thou wast the cherished idol
Of many a loving heart,
And bitter was the trial,
When called from thee to part.

For in thy bridal gladness
For thee the summons came,
The grave's dark portals opened
To receive thy youthful frame!

And was the call appalling
To thy young timid heart?
From Death's chill fearful whisper
Didst thou shrill start?

Ah not—to thee it sounded
Like voices from thy home,
Calling to Heaven's fair mansions,
The ansomed one to come!

And now, what heart can picture
The bliss to thee made known?
With all the saints in glory
Assembled round the throne!

Here oft the brightest morning
May be o'ercast with care,
But there the joys of Eden
Eternally in thine share.

The wintry blast of sorrow
Shall ne'er thy steps assail,
For thou hast past the wave of death,
And left the tearful vale.

Then will we cease to mourn thee
We'll joy that thou art gone,
Where stricken hearts shall be at rest,
And sorrow is unknown.

ALMANACS! ALMANACS! ALMANACS!!!

DR. D. JAYNE would hereby inform the public that he publishes annually for gratuitous distribution by himself and all his Agents, an Almanac, called

Jayne's Medical Almanac, AND GUIDE TO HEALTH.

The calculations for this Almanac are made with great care and accuracy and for five different Latitudes and Longitudes, so as to make them equally useful as a Calendar in every part of the United States and British North America. They are printed on good paper, and with handsome new type, and are neatly bound, and besides being the nearest and most accurate calendar printed in the United States, they contain a large amount of valuable information, suited to the wants of all, and of that kind, too, which cannot be found in books.

HIS CATALOGUE OF DISEASES, with remarks and directions for their removal is really invaluable, and makes them welcome visitors in every household. Every family should possess at least one of these Almanacs. His Almanac for 1849 is now ready for distribution, of which he designs to publish at least "Two Millions," and in order that every family in the United States and British America, may be furnished with a copy, he hereby invites to forward their orders to him as early as possible, and they shall be gratuitously given with as many copies as they may deem necessary to supply their various customers. They are also, at the same time, to send a copy of their order on the CARD, which will be printed and sent without charge. The Almanacs should be sent to all necessary charge.

REPORTED

FOR THE EVANSVILLE JOURNAL.

FURTHER NEWS BY THE AMERICA.

New York, Oct. 2, A. M.

The recent Irish Rebellion seems to have been secretly preconcerted. Beacon fires were blazing from every hill top throughout the counties of Wexford, Waterford, Kilkenny and Tipperary. The Tory Journals attribute the rising to the aggression of the Landlords upon the Tenantry, not to political cause.

PITTSBURG, Oct. 2, A. M.

On Friday and Saturday last there was very heavy rains at this place which will produce a rise in the River.

LOUISVILLE, Oct. 2, A. M.

The weather at this place and at Cincinnati is cool and cloudy, indicating rain.

NOTE.—The news by the America arrived late Friday night, and on Saturday morning I neglected to forward it. A like mistake will not again occur.—REPORTER.

[We are very glad to hear from the Reporter that he will not neglect us again; there was no excuse for his neglecting us this time, as we know he was notified of his duties half a dozen times on Saturday by the office at this place.]

CHILLS AND FEVER.—Wright's Indian Vegetable Pills are one of the best. It is not the very best medicine in the world, for the cure of Intermittent Fever, because they excel all other in adding the body of those morbid humors which are the cause of not only of all kinds of Fever, but of every malady. The Pills, taken four or five of said Indian Vegetable Pills, taken every night on going to bed, will, in a short time, make a perfect cure of the most obstinate case of Chills and Fever, at the same time the digestive organs will be restored to a healthy tone, and the blood so completely purified that Fever and Ague, or disease in any form, will be absolutely impossible.

This is to certify, that I was entirely cured of the Chills and Fevers, of several months standing, by the use of four doses, of four pills each, of Wright's Indian Vegetable Pills, and after taking medicine from a regular physician for some time, and having no symptoms of it since, which has been about one year.
